Guatemala is a beautiful emerald green stone that adds a touch of mid-century lux to any Design. Nero Marquina is a beautiful black stone with stripes of white, adding texture and elegance to a hardware piece. The variety of quartz is white rose and black, with rough edges and texture that exudes wild and raw beauty. Marble Estremoz is a kind of white marble quarried in Portugal, a special and truly traditional stone. Swarovski crystals are one of the options that need no introduction to the luxury world of jewelry design, and zirconia a shiny and strong stone that adds sparkle and amazing detail to the hardware.
